OUTLAW EXHAUSTS

LASER CUSTOM Outlaw exhausts are excellent for custom bikes. The Slash-Cut mufflers give that special, Real American V-Twin Sound and are available with or without showcovers. Duplex-nickle chromed for that perfect look and especially built for your bike. It's a pity that beautiful noise is not in comply with the latest standards. Perfect fit!

LASER CUSTOM Outlaw sont l'accessoire indispensable pour toute moto custom. Le Slash-Cut bizeauté à la sonorité authentique V-Twin Américain avec ou sans enjoliveur de protection-chaueur. Les échappements **LASER CUSTOM** sont brillants et rutilants grâce à leur double-couche de chrome micro-satin et ils sont spécifiquement développés et fabriqués pour chaque type de moto.

Le montage est très aisé.

LASER CUSTOM Outlaw, die Auspuffanlage die das Image Ihres Chopper aufpoliert. "Outlaw" hört sich an wie ein V-Twin sich anhören soll aber die in der BRD leider nicht mit der z.Z. gültigen STZOV in Einklang zu bringen ist. Mit abgeschragten "Slash-Cut" Enden und "The Real American V-Twin Sound". Wahlweise lieferbar mit oder ohne Hitzschilder. Die Duplex-Nickel Chromschicht sieht gut aus und die Anlage sind speziell für jedes Modell entwickelt und produziert. Einfache Montage!

LASER CUSTOM Outlaw de échte custom uitlaat met de afgeschuinde Slash-Cut dempers en de karakteristieke Real American V-Twin Sound. Misschien ben je wel vogelvrij met deze uitlaten. "Outlaws" geven van die leukere vette klappen die helaas niet aan de hedendaagse keuringseisen voldoen. Maar het klinkt wel zoals een V-Twin hoort te klinken! Naar keuze leverbaar met of zonder sierschilden, duplex-nikkel verchromd en speciaal voor jouw motor ontwikkeld en geproduceerd. Perfect passend dus!
